

Seeking a Land Survey Crew Technician for a full time position in West Branch, Michigan

Lapham Associates, a full service consulting firm that provides engineering, surveying, environmental and planning services to clients throughout Michigan, is seeking a qualified applicant who has experience working in the land surveying field.

Candidate will assist as part of a two-person crew, with a variety of survey types, including but not limited to: ALTA/ACSM Land Title Surveys, boundary surveys, topographic surveys, industrial surveying and construction staking.

Candidate must have experience with operating conventional and robotic total stations and GPS receivers. Candidate must be able to cut brush, carry daily survey equipment, have the ability of working in physically demanding situations and withstand reasonable environmental extremes. Candidate must also possess a valid driver's license in good standing. A strong work ethic and the ability to maintain business and professional relationships are necessary.

A high school education or equivalent is required; good math skills are essential. A minimum of two years of tangible land surveying experience is desired. Candidate capable of obtaining Michigan Professional Survey license is a benefit.
